STAFF

John Davidson, City Manager; Daniel J. McHugh, City Attorney; Lorrie Poyzer, City Clerk; Michael Reynolds, City Treasurer; Cletus Hyman, Deputy Police Chief; Jim Drabinski, Fire Chief; Don Gee, Redevelopment Agency Director; Tina Kundig, Finance Director; Ronald C. Mutter, Public Works Director; Marjie Pettus, Administrative Services Director; Gary G. Phelps, Municipal Utilities Director; and Jeffrey L. Shaw, Community Development Director

The meeting was opened with an invocation by Councilmember Gil followed by the pledge of allegiance.

PRESENTATION

Infrastructure Report - Public Works Director Mutter reported on July 6, 2004, the City Council formed the Public Works Infrastructure Committee. The goal of this committee was to evaluate the condition of the City's infrastructure and make a recommendation to the City Council through the Municipal Utilities/Public Works Commission on a program to fund and correct deficiencies to the infrastructure. Steve Stockton, Chairman of the Public Works Infrastructure Committee presented a PowerPoint regarding general infrastructure maintenance and a proposed repair and funding program. The Municipal Utilities/Public Works Commission and the Public Works Infrastructure Committee made the following recommendations:

1. An initiative be considered in the future to approve a special tax for Citywide Infrastructure Repair and Improvements;
2. That the assessments be in the form of a 5 percent Utility User’s Tax estimated to generate $5.0 million per year;
3. That Council continue the present funding for street infrastructure maintenance of about $1.8 million per year;
4. That the special tax sunset in 20 years; and
5. That the proposed breakdown of expenditures be based on analysis and public input to be determined, approximately as follows: 35 percent - street resurfacing and reconstruction
10 percent - street preventative maintenance (crack seal and slurry program)
30 percent - concrete improvements - curbs, gutters and sidewalks
10 percent - street tree maintenance
10 percent - ADA street infrastructure compliance
5 percent - other street maintenance (storm drain, street lights)

Following discussion, Councilmembers concurred that the Municipal Utilities/Public Works Commission and the Public Works Infrastructure Committee should continue their work by refining the process and start fine-tuning the costs. It was noted that a citizens committee would need to take over for the campaign to pass a ballot measure. Councilmembers also asked that workshops be scheduled in a timely manner to address other capital needs such as a police station and museum. City Manager Davidson assured Councilmembers these other projects will be brought forward during budget study sessions. Mayor Harrison complimented members of the Municipal Utilities/Public Works Commission and the Public Works Infrastructure Committee for their fine work.

DEPARTMENTAL INFORMATION REPORT

Administrative Services Department - Administrative Services Director Pettus presented a PowerPoint regarding the City-wide safety program, which focused on the $200,000.00 reduction in Workers Compensation cost and reduction of accidents this past year.

LAND USE AND PUBLIC HEARINGS

Marvin Hudson, Kelvin And Celeste Bryant, Applicants - Public notice was advertised for this time and place to consider a Draft Mitigated Negative Declaration as well as a public hearing for a Socio-Economic Analysis and Cost/Benefit Study and consideration of Pre-Annexation Agreement No. 05-04 for four new single-family homes on individual lots totaling .80 acres located on the northeast corner of Tourmaline and Florence Avenues in the Mentone area. Mayor Harrison declared the meeting open as a public hearing. Community Development Director Shaw explained the purpose of this request is to obtain approval of an outside the City utility connection for water. He reviewed the proposed project, which is consistent with the General Plan for the City of Redlands. Mr. Hudson asked the City Council to consider modifying Section 3 of the agreement to reduce the set back from 15 feet to 13.4 feet and shared snapshots of the property which is located on an unimproved street.

Community Development Director Shaw explained that requests for pre-annexation agreements require the same development standards as those established for the City; that Lot 7 is already being allowed a setback from Florence Avenue of 15 feet instead of the 25 feet required by City Code. The public hearing was declared closed. Following brief discussion, the following actions were taken by the City Council:

Socio-Economic Analysis and Cost/Benefit Study - Councilmember Gil moved to approve the Socio-Economic Analysis and Cost/Benefit Study for Pre-Annexation Agreement No. 05-04 as it has been determined that this project will not create unmitigable physical blight or overburden public services in the community and no additional information or evaluation is needed. Motion seconded by Councilmember Harrison and carried unanimously.

Negative Declaration - Councilmember Gil moved to approve the Environmental Review Committee’s negative declaration for Pre-Annexation Agreement No. 05-04 based on the finding that the project will not have a significant effect on the environment, determining this project will not individually or cumulatively have an adverse impact on wildlife resources as defined in Section 711.2 of the California Fish and Game Code and directed staff to file and post a Notice of Determination in accordance with the City’s guidelines. Motion seconded by Councilmember Harrison and carried unanimously.

Pre-Annexation Agreement No. 05-04 - Councilmember Gil moved to approve Pre-Annexation Agreement No. 05-04 without any modifications. Motion seconded by Councilmember Harrison and carried with
Councilmember Gilbreath voting NO as she supported the applicant's request.

PUBLIC HEARING

Resolution No. 6480 - CFD 2004-1 - Annexation 1 - Francis Hyong, Applicant - Public hearing was advertised for this time and place to consider Resolution No. 6480 to call a special election on the question of levying special taxes within the territory to be annexed to Community Facilities District No. 2004-1. Mayor Harrison declared the meeting open as a public hearing. City Clerk Poyzer reported notice for this public hearing was published in the Redlands Daily Facts on March 10, 2006, and mailed as required on March 6, 2006. Public Works Director Mutter reviewed the request for an annexation to Community Facilities District No. 2004-1 for Tract No. 16287 which is a 3.2 acre residential subdivision containing 12 lots plus a Lot A located on the east side of Occidental Drive, north of Perdue Avenue. Lot A, in the proposed tract, will be approximately 9,400 square feet in size and will be dedicated as open space for Water Quality Management Plan compliance purposes. Maintenance of Lot A is proposed to be handled through a Community Facilities District in lieu of a Homeowner's Association. The annual levy of special taxes within the territory proposed to be annexed to Community Facilities District No. 2004-1 will pay the cost of services to be provided by the District and incidental expenses. At this time, Mayor Harrison called for protests, comments and questions from any persons wishing to speak, including persons owning property within the territory to be annexed to the Community Facilities District and taxpayers, with respect to the annual levy of special taxes within the territory proposed to be annexed to the Community Facilities District to pay the cost of services and incidental expenses of the Community Facilities District. None were forthcoming. It was noted no written protests have been received. City Clerk Poyzer reported that according to the Registrar of Voters, there are no registered voters in this area. City Clerk Poyzer agreed to hold the special election for the territory to be annexed to Community Facilities District on April 18, 2006. As a majority protest has not been filed to pay the cost of services and incidental expenses of the Community Facilities District, Councilmember Harrison moved to adopt Resolution No. 6480, a resolution of the City Council of the City of Redlands calling a special election and submitting to the qualified electors of the territory proposed to be annexed to Community Facilities District No. 2004-1 of the City of Redlands the question of levying special taxes within the territory proposed to be annexed (Annexation No. 1). Motion seconded by Councilmember Gallagher and carried unanimously. Mayor Harrison declared the public hearing closed.
NEW BUSINESS

City Council Vacancy - As a result of Councilmember Susan Peppler's resignation, which took effect at 7:30 P.M. on this date, a vacancy exists on the City Council. City Manager Davidson reported that pursuant to Government Code Section 36512, the City Council has 30 days in which to take one of three possible actions to fill the vacancy: appointment through a majority vote of the City Council; call a special election to be held on November 7, 2006; or call a special election to be held on November 7, 2006, and fill the vacancy for the interim period prior to the election through appointment by majority vote of the City Council. City Manager Davidson reviewed the alternatives in detail. City Clerk Poyzer reported the Registrar of Voters office has indicated the cost of a special election in November would be $73,517.00. Lisa Pearce addressed the City Council asking them to consider appointing Brian Roche who came in fourth in the November 2005 election. Following brief discussion, Councilmember Gallagher moved to fill the vacancy through an appointment process on or before May 4, 2006. Motion seconded by Councilmember Gilbreath and carried unanimously. Councilmembers discussed the schedule and process and concurred as follows:

1. The application form will be available beginning at noon on Wednesday, April 5, 2006, in the City Clerk's Office and due on Friday, April 14, 2006, by 5:00 P.M. The application form will also be available on the City's website.

2. The proposed application form will be revised by asking if the applicant is retired to list their previous occupation and asking for an example of how the applicant would resolve a situation where their personal philosophy is at odds with what is best for the City.

3. The City Council will reconvene their regular meeting on April 18, 2006, at 6:00 P.M. at which time they will allow each applicant a maximum of five minutes each to make a presentation to the City Council regarding his/her interest, background and qualifications for serving on the Redlands City Council. The order in which the applicants will speak will be determined by a random drawing conducted by the City Clerk at the meeting. The City Council intends to make the appointment to fill the vacancy following the presentations on April 18, 2006.

4. The applicants will be asked to stay outside the Council Chambers during the presentations.

5. The order of the roll call vote of Councilmembers, following nominations for the appointment, will be determined by a random drawing conducted by the City Clerk at the meeting.

PUBLIC COMMENTS

None forthcoming.
ADJOURNMENT

There being no further business, the City Council meeting adjourned at 8:26 P.M. The next regular meeting will be held on April 18, 2006.
