## PLANNING AND COMMUNITY DEVELOPMENT

Appeal - Commission Sign Review No. 264 - Community Development Director Shaw reported the Planning Commission voted 3-2 on August 10, 2004, to deny the applicant's request to place a twenty-four square foot pedestal sign at the Storage West mini-storage facility located at 1680 West Redlands Boulevard. The applicant, Fred G. Zepeda, has filed an appeal to this decision. On October 19, 2004, the City Council heard the item and continued the appeal to allow the applicant time to revise the plans according to the

recommendations which included an eight-foot height limit. The applicant is now proposing a ten-foot high pedestal sign (previously submitted at 12 feet) with a total face area of 24 square feet. Community Development Director Shaw stated the height is still a significant concern and the revised plans are still too tall. The applicant, Mr. Fred G. Zepeda, did not feel he had heard a consensus of the City Council to lower the sign to eight feet. He distributed pictures of the proposed sign at six feet, eight feet, and 12 feet tall. Mayor Pepler informed Mr. Zepeda that the City Council had agreed to an eight-foot sign at their last meeting and he indicated he would be willing to drop the height down to eight feet. Following brief discussion, Councilmember Pepler moved to continue this matter to November 16, 2004, in order for staff to prepare findings necessary to address this issue. Motion seconded by Councilmember Gilbreath and carried unanimously.

Financing is structured so that the City completing the TEFRA hearing process has no liability with respect to the issuance of bonds or the repayment of any debt service relating to such bonds. In addition, the City is not a party to any of the financing documents relating to the issuance of the bonds nor is it named in any of the disclosure documents describing the bonds or the proposed financing. ## COMMUNICATIONS

Redlands Charitable Resource Coalition - Councilmember George reviewed in detail a proposal from the Redlands Charitable Resource Coalition to create a temporary shelter to provide the first step in transitional housing services to families in need with special emphasis on single mothers with children. They are proposing the acquisition of a 40-unit motel which will be used, in conjunction with current and future members of the Coalition, to temporarily house Redlands' families which find themselves without sufficient resources to procure safe, affordable housing. A wide spectrum of agencies will provide services for the project site to the families. The Coalition is designing this as a self-sustaining program. There will be costs to the families in residence, but

they will be discounted on a sliding scale of ability to pay. The Coalition is requesting that the City Council open a discussion about the use of one-seventh of the Redevelopment agency low-and moderate-income set-aside funds for this purpose. Congressman Jerry Lewis has expressed great interest in this program and if the City Council is supportive of further study of this proposal, the Coalition is prepared to approach the Congressman for a funding request to assist in the acquisition and refurbishing of this building. Councilmember Harrison felt this was a noble idea and warranted further study. Several questions were posed by himself and Councilmembers Pepler and Gil and Councilmember George assured them a more detailed report would be provided if the City Council concurred to proceed with further study. Speaking in support of this proposal were: Leanne Drebey and Donna Burleson, Inland Temporary Homes; Cheryl Heesen, Family Service; Arthur Gregory, Human Relations Commission and Redlands Area Interfaith Council; Peter Vander Kooy, Redlands Charitable Resources Coalition; Police Chief Jim Bueermann; and Reverend Don Wallace, Redlands Charitable Resources Coalition. Following discussion, the Councilmembers indicated a consensus to go forward with further study and bring back more information.

Public Space and Facility Naming Guidelines - Councilmember Harrison presented a proposal to form a committee to assist the City Council in developing both a policy and process relative to the naming or renaming of City parks, streets, and other public facilities. He recommended the committee be composed of seven members including one member from the City Council, one member of the Human Relations Commission, one member from the Parks Commission, and three members from the public at large who would be appointed by the City Council following advertisement for applicants. He proposed that the seventh member be Dr. Larry Burgess to serve as chairperson. Public Works Director Mutter reported he and City Clerk Poyzer had obtained copies of policies from 24 cities which they would make available to the committee. Leanora Sims told Councilmembers she thought this was a good idea. Councilmember Harrison moved to appoint a seven member committee to develop a policy and process relative to the naming or renaming of City parks, streets, and other public facilities; said committee to consist of a City Councilmember, Parks Commissioner, Human Relations Commissioner and three members from the public at large to be appointed by the City Council; and to appoint Dr. Larry Burgess to serve as the committee's chairperson. The City plans to prepare and send a newsletter to the residence and hold a town hall meeting. Leanora Sims thanked the City Council and staff for pulling these items and continuing them. The consultant, Ernie Glover, suggested a time frame for the town hall meeting and timing for the City Council and Redevelopment Agency to re-schedule these items. Councilmember Gilbreath moved to continue this matter to January 4, 2005. Motion seconded by Councilmember Harrison and carried by AYE votes of all present with Councilmember Gil abstaining.
