**Report - Selection of Ballot Arguments** - City Clerk Poyzer reported there is a distinct possibility she will be receiving more than one argument in favor of
and/or against the initiative petitions that are scheduled to be on the November ballot. The California Elections Code establishes the priority for the selection of the argument to be printed in the sample ballot. The City elections official shall give preference and priority, in the order named, to the arguments of the following:

1. The legislative body, or member or members of the legislative body authorized by that body.
2. The individual voter, or bona fide association of citizens, or combination of voters and associations, who are the bona fide sponsors or proponents of the measure.
4. Individual voters who are eligible to vote on the measure.

The Elections Code does not indicate how to select an argument if more than one is received from the same category noted above. City Clerk Poyzer has decided to assign a number to each argument in the order it was filed (i.e. first one filed will be assigned No. 1, etc), and then conduct a public drawing of a number from the "hat." Anyone who wishes to attend the public drawing may do so to observe. This will be done on Thursday, August 11, 2005, at 10:00 A.M. in the City Council Chambers. Following the drawing which will determine which argument will be selected, the author(s) of each argument selected will be provided a copy of the opposing argument in order to prepare their rebuttals which will be due on August 17, 2005. Bill Cunningham, president of The Redlands Association, asked for a clarification. City Attorney McHugh offered suggestions to Councilmembers as to how to prepare their arguments and noted the City Council will only meet two more times before the filing deadline.
