Renovations and tree plantings will be accomplished in five city parks and cleanup activities will be performed at a City of Redlands orange grove and the airport. All materials

Budget Update – Tina Kundig, City Treasurer/Finance Director, provided an update on the Fiscal Year 2009-2010 Deficit Reduction Plan efforts. The update included a review of four previous reports on this subject which reflected the efforts of the City Manager and staff to address revenue shortfalls caused by the significant decrease in economic activity. General government revenues for FY2009-2010 are currently estimated to be under budget by approximately $3.2 million, which includes an estimated shortfall of $2.6 million in franchise fees and $600,000 in sales taxes. Other revenue categories experiencing significant shortfalls include approximately $800,000 in Community Development revenues and $300,000 in engineering revenues due to the decline in development activity. Additionally, waste importation revenues are expected to be approximately $300,000 less than budget. As of this last update, the City Manager and staff are continuing efforts to find an additional $900,000 in cost reductions/savings to minimize the use of General Fund Unreserved Fund assets to address budget shortfalls. On motion of Mayor Gilbreath, seconded by Councilmember Gallagher, the City Council unanimously agreed to receive and file the budget update report.

suspend or repeal AB 32. Councilmember Harrison took issue with the facts reflected in the resolution and expressed concerns that the requirements for resuming AB32 would be unachievable and, therefore, would kill efforts to clean up the air we breathe. He asked, and was accommodated, to have the wording of the resolution reflect the fact that the vote on the motion was less than unanimous. Councilmember Aguilar pointed out the focus of legislative strategy indorsed by the League of California Cities would be obscured by support for the California Jobs Initiative. Councilmembers Harrison and Aguilar voted no on the motion.

Settlement Agreement Disclosure – On motion of Mayor Pro Tem Bean, seconded by Councilmember Gallagher, the City Council unanimously agreed to have the City Attorney prepare, for City Council consideration, an ordinance adding to the Redlands Municipal Code the requirement for disclosure, on the City Council meeting agenda, of legal settlements and real estate transactions that have been approved by the City Council in closed session.
