UNFINISHED BUSINESS:

Safety Hall – On motion of Mayor Pro Tem Bean, seconded by Councilmember Gallagher, the City Council voted to authorize the City Manager to negotiate
and execute a contract with Kosmont Companies not-to-exceed $50,000, the initial phase of which should include a space needs analysis and a determination as to whether utilizing the existing Safety Hall building is a reasonable thing to do before seeking community feedback and assessing other sites. The exact work to be done within the scope of the $50,000 would be up to the staff. Councilmember Harrison voted against the motion stating concerns that the proposal should be looking at more options in parallel rather than a series approach of looking first at the existing Safety Hall and then other options. Councilmember Aguilar voted against the motion stating his support for the staff proposal as presented. As a public comment, Stephen Rogers expressed concerns that the Safety Hall Request for Proposal was too vague to clearly define the facility the City needs.
