Jeffrey L. Shaw, Community Development Director
John Jaquess, City Planner

ABSENT None

STUDY SESSION

Measure U Socio-Economic Study - The City Council held a second study session to review the socio-economic cost/benefit evaluation criteria and process for compliance with the implementation of Measure U and the General Plan. Community Development Director Shaw summarized the Socio-Economic Citizen Committee report, the staff analysis, and the Planning Commission's review and recommendations. Councilmembers directed staff to build in an appeal process beginning at the Environmental Review Committee level and structured so that anyone could appeal at any level. Councilmembers desired additional noticing and posting of Environmental Review Committee and Planning Commission agendas such as on the City's web site. It was a consensus that General Plan amendments that are not project-specific would not require a Socio-Economic Study but would need to do the checklist. Councilmembers will provide staff with their "threshold" suggestions which will be included in a resolution which will be prepared for the next City Council meeting. Tex Moore addressed the City Council expressing his thoughts. Councilmembers agreed to schedule another study session on December 1, 1998, at 9:00 A.M. with the resolution scheduled for consideration during the evening session.

ADJOURNMENT

There being no further business, the City Council meeting adjourned at 10:08 A.M. The next regular meeting will be held on November 17, 1998, at 3:00 P.M.

City Clerk
