

Redlands Fire Department Informational Bulletin

Title: Warehouse/High Piled Storage pre-inspection paperwork

Number: FB-100

Revision: A

Date: 11-05-2015

Scope: To provide an informational bulletin on warehouse/high-piled storage documentation prior to inspection.

Description: Pre-inspection paperwork requirements for warehouse/high-piled documentation.

Your property located at: _____

is scheduled for an inspection on: _____.

The following documentation shall be made available upon the initial inspection:

- Approved High Piled Storage Plans. Please see our city web site at www.cityofredlands.org for the high-piled storage packet and requirements if not already approved by the City of Redlands.
- Inspection, testing and maintenance records of the following items for review by the inspector:
 - Weekly pump testing records
 - Annual private hydrant testing records
 - Fire Sprinkler System quarterly, annual and five year records
 - Fire Alarm quarterly and annual records

These documentation records need to be available upon initial inspection. This will assist in expediting the review process during inspection of your facility. If you wish to schedule an inspection prior to the date listed above please call 909-307-7601.
