Dear Parks & Recreation Commission,

Thank you for the opportunity to submit a proposal for consideration at the upcoming March Commission meeting. Our proposal pertains to the reconfiguration of the Art Room mural at the Redlands Community Center, specifically focusing on the theme "Make the Right Choices." Our mural design seeks to combat a concerning trend observed among young adults where they feel pressured to conform to negative influences and peer pressure.

As an organization committed to fostering positive youth development, we believe it is imperative to provide spaces where young individuals can feel safe, encouraged, and inspired to dream big. The Redlands Community Center serves as a sanctuary for children to explore their creativity, develop essential skills, and cultivate a sense of belonging.

To further reinforce this message and create an engaging and interactive space, we propose to re-paint half of the existing mural in the Art Room using a paint-by-number model. The theme "Make the Right Choices" will serve as the central message, reminding children and young adults that they have the power to make positive decisions and shape their futures.

The paint-by-number model offers a unique opportunity to involve the broader community in the creation process. By inviting community members of all ages to participate in re-painting the mural, we aim to foster a sense of ownership and pride in the space while promoting collaboration and unity within the community.

We believe that this initiative aligns with the mission and values of the Parks and Recreation Commission, as it seeks to enhance the aesthetic appeal of the Redlands Community Center while promoting positive youth development and community engagement.

In summary, our proposal seeks approval for the reconfiguration of the Art Room mural at the Redlands Community Center, utilizing a paint-by-number model with the theme "Make the Right Choices." We are excited about the potential impact of this project and look forward to the opportunity to collaborate with the Commission and other stakeholders to bring it to fruition.

Thank you for considering our proposal. Should you require any further information or clarification, we're open to discussion.

Sincerely,
