Unit members with ten (10) years of continuous employment with the City who concurrently retire from the City and the CalPERS system may elect to receive “Medical Bridge” health insurance from the city. “Medical Bridge” health insurance is defined as single party coverage for the retired unit member only. Members who elect medical bridge health insurance will be entitled to coverage under the lowest cost medical and dental insurance plans as provided by the City to its then existing Unit members until the member reaches the age of Medicare eligibility at which time the benefit will cease. Unit members who receive the medical bridge health insurance can select higher cost plans offered by the City to its then existing members and/or coverage for dependents, however, the additional cost for the plan or additional dependents shall be paid for by the Unit member and not by the City.
