Sportball Refine, Rehearse, Repeat at Home! Sports instruction for kids

Sportball focuses on non-competitive sports programs for every kid, at every stage, and with this new virtual class coaches will focus on the basic skills common to all sports, like balance, coordination, stamina and timing all from your living room or backyard. Each class focuses on one of FOUR different popular sports: soccer, football, basketball & volleyball. Programs run 25 minutes and consist of fun interactive warm-ups and skills for each lesson. Classes are held LIVE over the Zoom platform. Coaches will have the ability to interact with your child and provide individualized instruction.

Families will receive a Zoom meeting ID and password upon registering for the class.

A "bouncy" ball and a football is needed while participating this online class.
