

STROKE AWARENESS

Someone in the United States has a stroke every 40 seconds

Stroke is the 5th leading cause of death for Americans

Stroke is a leading cause of serious long-term disability

Patients who arrive at the Emergency Room within 3 hours of experiencing their first symptoms often have less disability 3 months after a stroke than those who received delayed care

1 in 3 US adults has at least 1 of the conditions/habits that are leading causes of stroke:

High Blood Pressure, High Cholesterol, Diabetes, Smoking & Obesity
